

Threadneedles Hotel, London.

Voted by Conde Nast Traveller as one of the top 50 hotels in the world, and located at the former headquarters of the Midland Bank, Threadneedles Hotel provides an oasis away from the bustle of London, where you can retire, relax and reinvigorate. With 70 spacious rooms and suites, each of which is a lesson in the art of comfortable modernity, the hotel offers the busy executive everything needed during a stay in the City.

SBL has gained trusted advisor status with Threadneedles and the other hotels in The Eton Collection through the work we have completed to improve the communications infrastructure whilst simultaneously reducing costs. We have migrated each hotel to a new call rentals and minutes provider; resolved the interfacing issues at Threadneedles through the implementation of FCS WinSuite; and developed a new call charging tariff that will significantly increase the volume of calls made from the hotel.
